Dear Sir

I received your circular & proceeded to do up what duplicates I had of each circular from 100 to 206 which is the last one I have priced. When the thought occurred to me that perhaps ^{already} you had some of them, I have given some to one or two public institutions & do not remember who they are. If you will look at your lists you can very quickly ascertain if any of my circulars are among them.

I have also a bundle priced from 1 to 100 will you see if you have any of those. If they will be acceptable I will forward all in one bundle by parcel post. They go back to 1889.

I also have in manuscript a list of over
6000 U.S. star cards which I would like
to put in a safe place. I had an idea
I would publish it sometime in book form
but I guess it will never get there.

For Mr. Wood knows about it. If you
think it of any value I will send that
& perhaps you will get it printed.

Very Truly Yours

H. E. Morey

Dear Sir:-

Your letter of March 10th has just been received, and we are greatly obliged to you for your offer to help us to complete our file of your catalogues. I find we have in our library the following mail auction catalogues: Nos. 32, 34, 36, 43, 45, 48, 52, 54, 56, 63, 66, 67, 69, 71, 76, 78, 79, 80, 95, 118, 120, 136, 144 and 162. Of fixed price catalogues we have but one - No. 39.

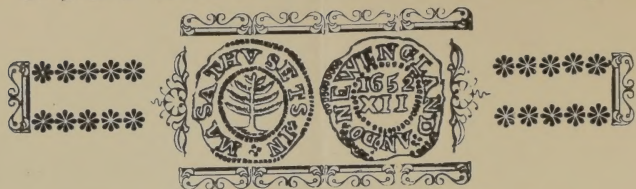

I note what you say regarding your manuscript list of 6,000 U. S. store cards. Should you feel inclined to deposit this list here, we would be very glad to have it, and would take care of it, and keep it so that it would be accessible to such of our members as should want to consult it. As regards printing it, that would be something that our Publication Committee would have to take up and consider at some later time.

Thanking you again, I am,

Very truly yours,

Director.

Mr. Bauman L. Belden

Dear Sir

I find my mail auction circulars commenced with no 29 those before that no. being fixed priced catalogues that were issued every quarter. I am sending you all my duplicates & the manuscript list of U. S. cards, by insured parcel post. This list was made by consulting many hundred catalogues & from private collections of Howland Wood, C. T. Howbridge, & E. L. Belden. Please send me a receipt when they arrive. The lists are made out on poor paper & must bear much sanding hence the necessity of this. I trust if only in sample form.

Yours Truly H. E. Morey

My dear Sir:-

The package containing the catalogues and manuscript list of store cards arrived in good shape, and we are very much indebted to you. I enclose herewith a formal acknowledgment.

We will keep the list of store cards carefully, and I have no doubt but what it will be much used by those who are investigating in this line. I will try to find some way to bind it together so that none of the leaves can get lost.

Should you be in New York at any time, I hope we will have the pleasure of seeing you up here.

Very truly yours,

Director.
